1 Intel-PA Project Progress

Generate questions for each blank in the referral form (for Rehman in the development of analysis system).

2 My PhD Research

2.1 2.1 Survey Paper on NLG application in cancer treatment

Writing a survey paper on NLG application in cancer treatment. ## 2.2 PhD Co-supervisory
Met with [Dr. Julia Ive](#). Discussed about research topics on transfer learning, dialogue policy management, data collection.

3 Future Plan

Contact Dr. Tony Skene and arrange a meeting with him for our current progress.

Finish my survey paper.

Send possible research proposal to Dr. Ive to discuss my research topic.
